Two students have applied to Killaloe Diocese to commence their propaedeutic year of pre-seminary formation.

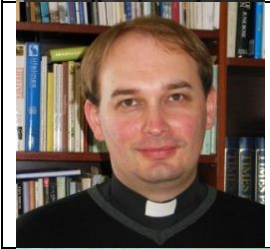

Ministers of Pastoral Care, Catechesis and Adult Faith Formation to continue to work in the pastoral areas, parishes and at diocesan level, entering their second full year of ministry.

Every good wish and blessing in retirement to Ms. Maureen Kelly who has completed her work in Pastoral Planning. Sincere thanks to Maureen for all her dedication and good work in West Clare and at diocesan level in recent years.

We now have 27 of the 58 parishes in the diocese with no resident priest under 75. During the year past we had meetings at diocesan and pastoral area level to look at and discern the way forward in terms of structure. It is intended to work on the fruits of that synodal journey this Autumn and in the coming years.

Sincere thanks to all, clergy, religious, lay ministers and many parishioners for the dedicated service to ministry and celebration of the faith in the diocese.
